# EXTINCTIONERS

WWW.EXTINCTIONERS.COM

My name is Katherine Fela and right now  
I have a huge headache.

Why? Well, I'm what you call a Hybrid.  
My particular ability is called **Intangibility**.

This means I can move through solid  
objects and they can pass through me.

A few moments ago, I discovered  
I can do something else.

It seems I also have the ability  
to enter a person's body and  
mind ... and "possess" them.

A process that is draining  
and terrifying, yet at the  
same time exhilarating.

And now I'm not sure  
what frightens me more?

Is it all the things I have seen  
and experienced during the last  
four months...

...or, is it my friend who is  
normally soft spoken and timid...

...opening up a can of whoop-tail that makes Warfare  
look like a cub scout?

AAAAA

GH!!

MAKER! WHAT'S  
HAPPENING TO HIM?

WHAAAAA!

## REVELATIONS-PART 2

ART AND STORY BY: SHAWNTAE HOWARD  
EDITED BY: RON "BRIGHTTAIL" DUNCAN  
COVER ART BY: EUGENE ARENHAUS

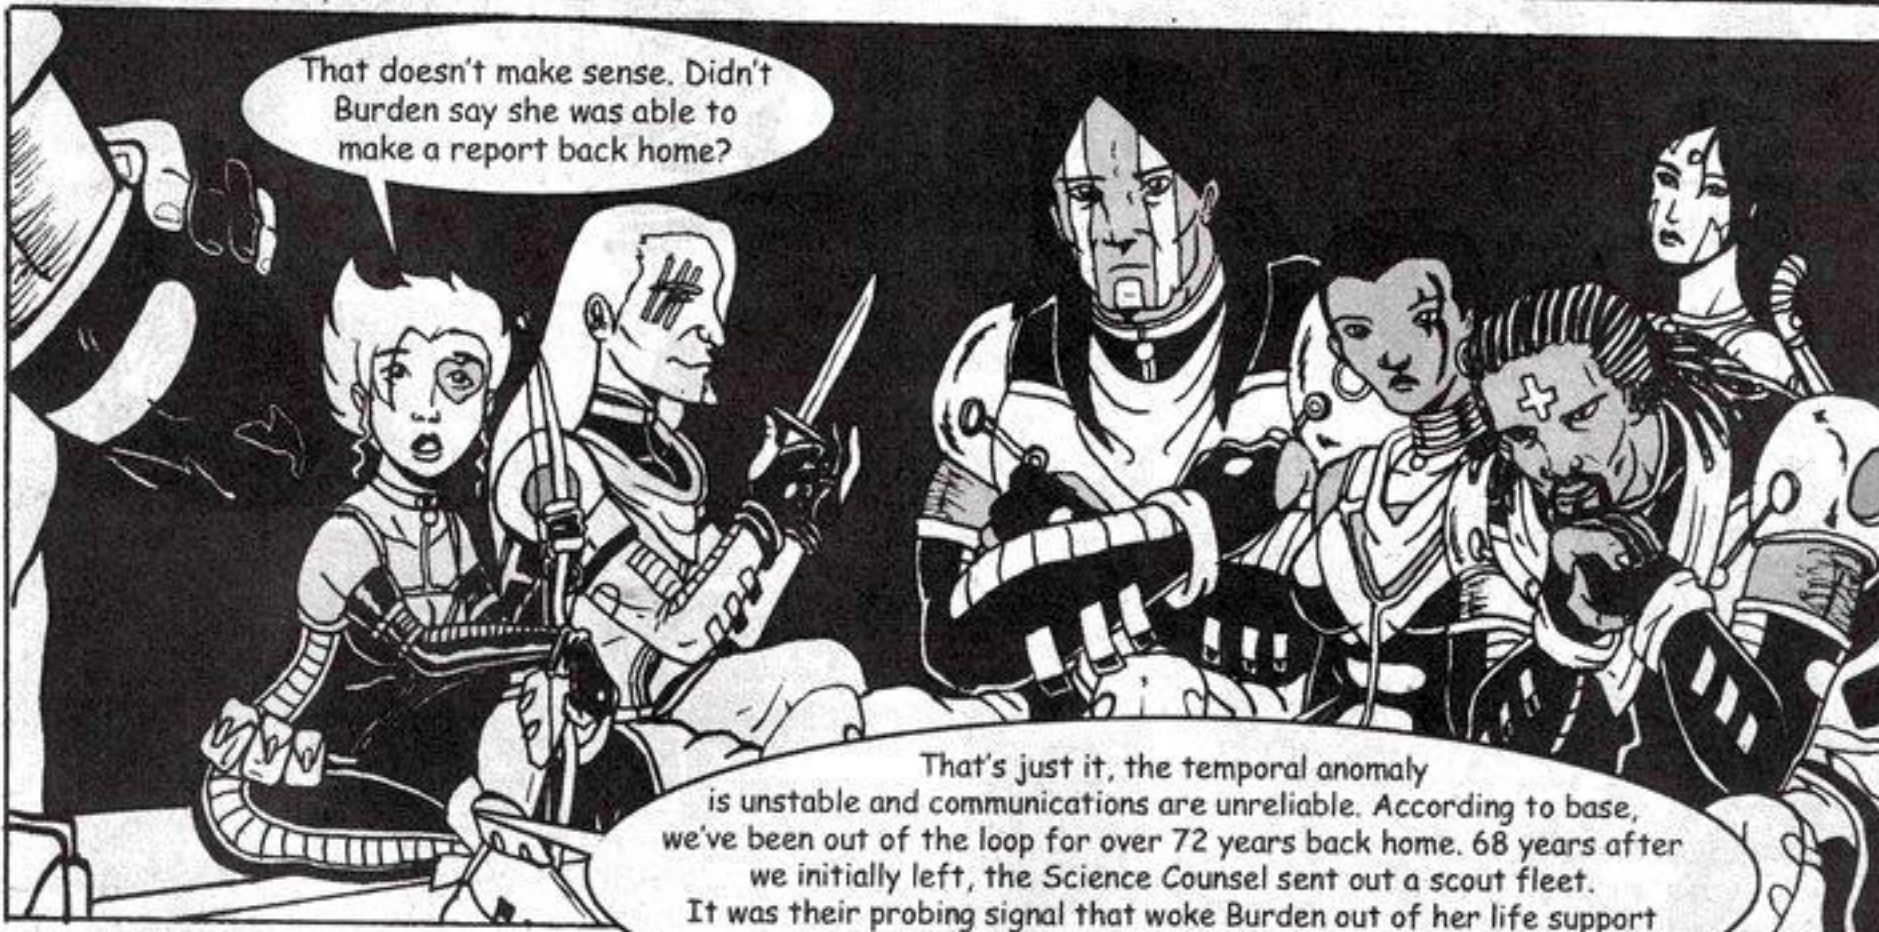

Ladies and gentlemen I'll be blunt, time is not on our side. According to the local media the current date is 1005. When we left Earth on our seeding mission the date was 2208 A.D.

Our records, however, show we haven't gone back into time, but forward. Apparently the wormhole we went through had temporal properties that actually threw us into the future. The new planet we thought we were heading for named Alden, is really our Earth.

It would seem the fourteen Ark ships, with their one-hundred human crew, have all made it planet side. The humanoid bio-forms that each ship carried have activated and planet terraforming and populating has taken place. Problem is there doesn't seem to be any sign of the human Keepers.

It can be assumed that the malfunctions in the life support chambers we experienced, may have also happened to the other crews. We may be the only humans left on the planet.

That doesn't make sense. Didn't Burden say she was able to make a report back home?

That's just it, the temporal anomaly is unstable and communications are unreliable. According to base, we've been out of the loop for over 72 years back home. 68 years after we initially left, the Science Counsel sent out a scout fleet. It was their probing signal that woke Burden out of her life support chamber. That was twenty years ago.

When I awoke I tried reviving our crew, but ninety-two died due to poisoning from a malfunction in the life-support system. It took me twenty years to figure out a way to strengthen your immune systems to survive the changes in the environment.

Eight months ago I received a report from the scout ship. It discovered one of our terraform Arks on Mars and proceeded to recover the livestock. Then six months ago, ships reported encounters with what has been identified as, get this, phoenixes. One got away, but the other was captured and studied. It was determined that they were the source of the temporal anomalies. Four months later, the phoenix escaped by the aid of these Hybrid humanimals.

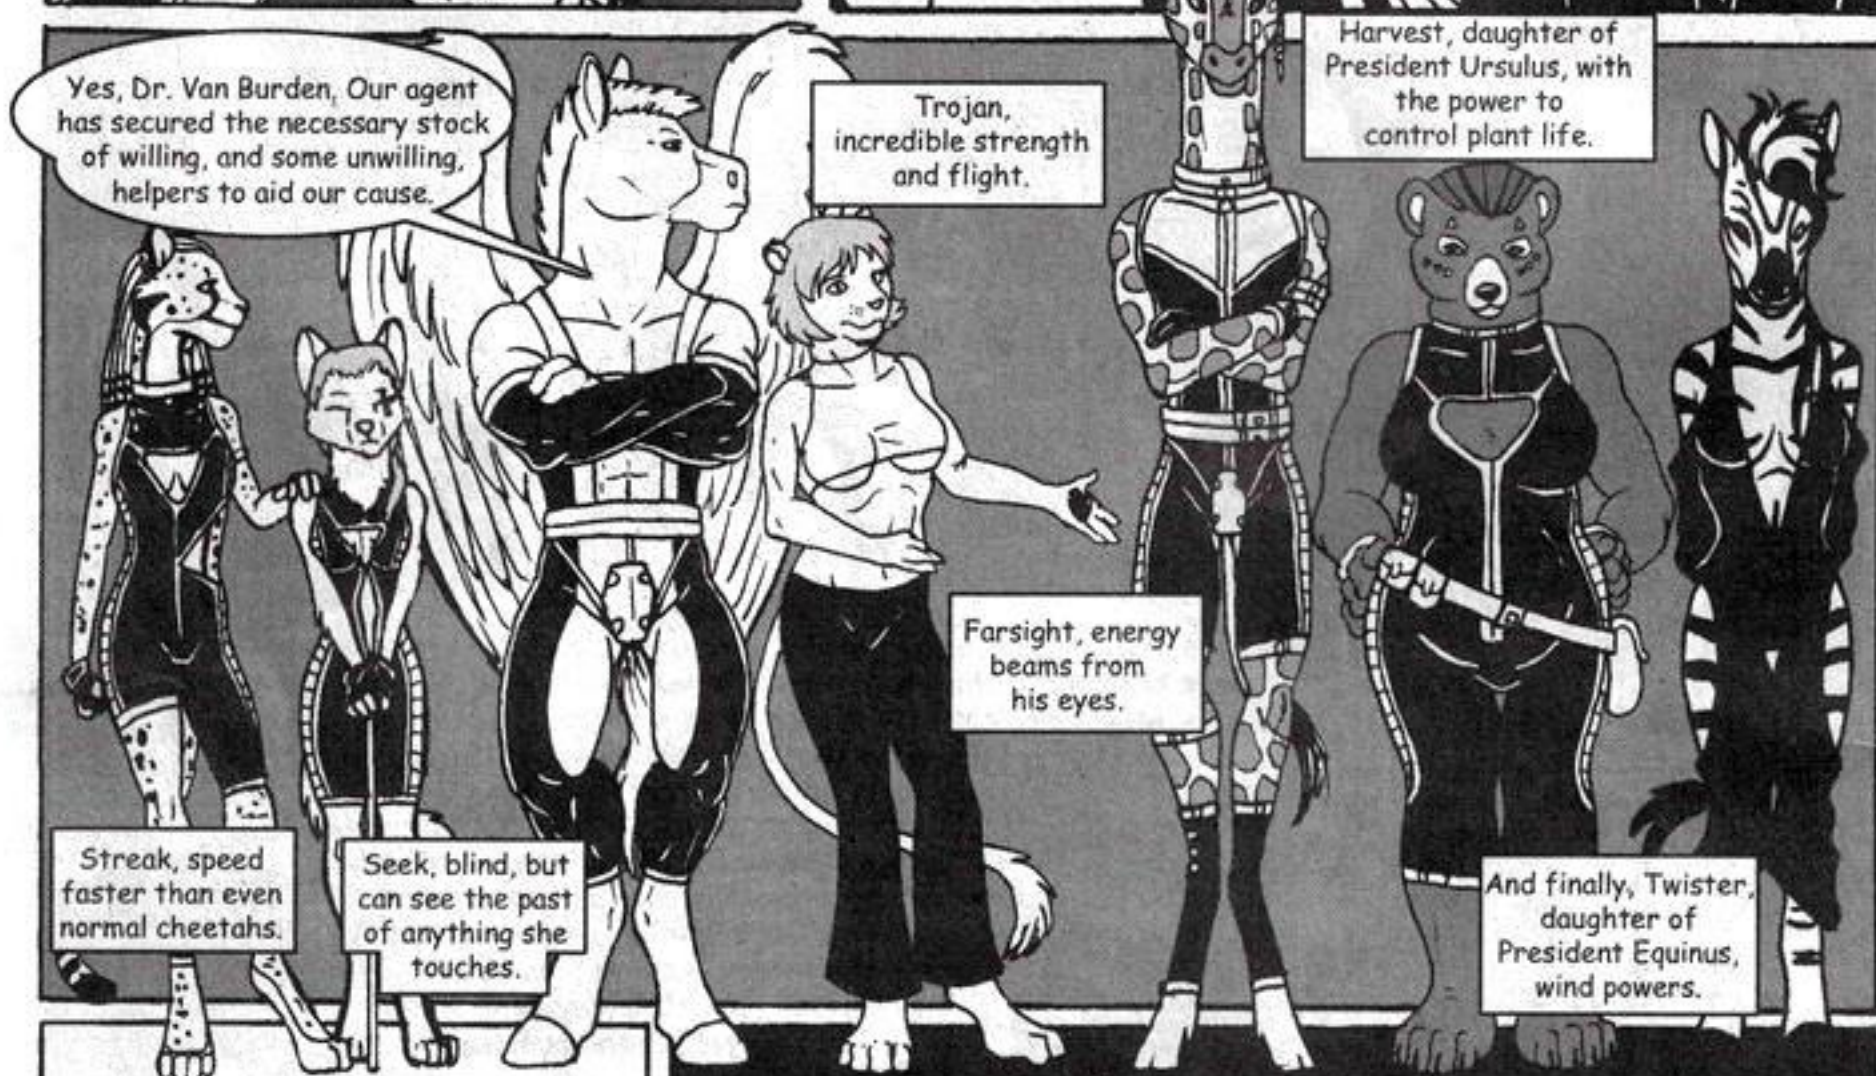

You're saying there's no guarantee our ships will make it to this time period and we're stuck on a planet full of bloody, talking animals with super powers? Brilliant.

Yes Ethan. That is our situation but the phoenix is the key.

Recapture it, and with its power, we can make certain the wormhole will bring our ships here. Zora.

Yes, Dr. Van Burden, Our agent has secured the necessary stock of willing, and some unwilling, helpers to aid our cause.

Trojan, incredible strength and flight.

Harvest, daughter of President Ursulus, with the power to control plant life.

Farsight, energy beams from his eyes.

Streak, speed faster than even normal cheetahs.

Seek, blind, but can see the past of anything she touches.

And finally, Twister, daughter of President Equinus, wind powers.

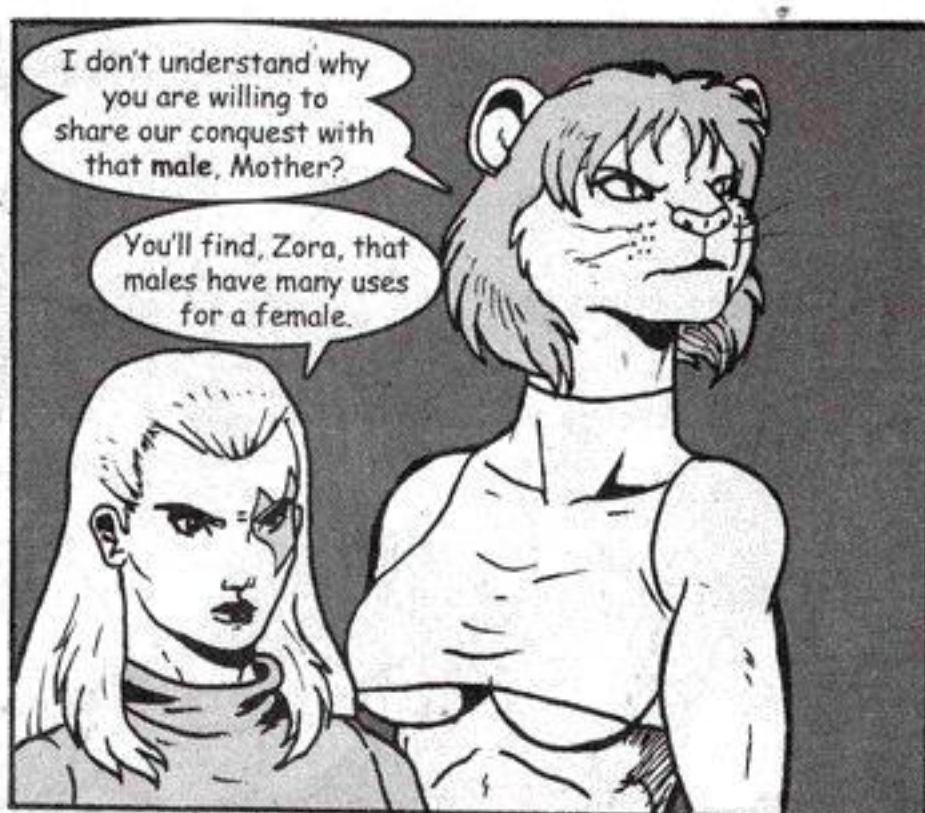

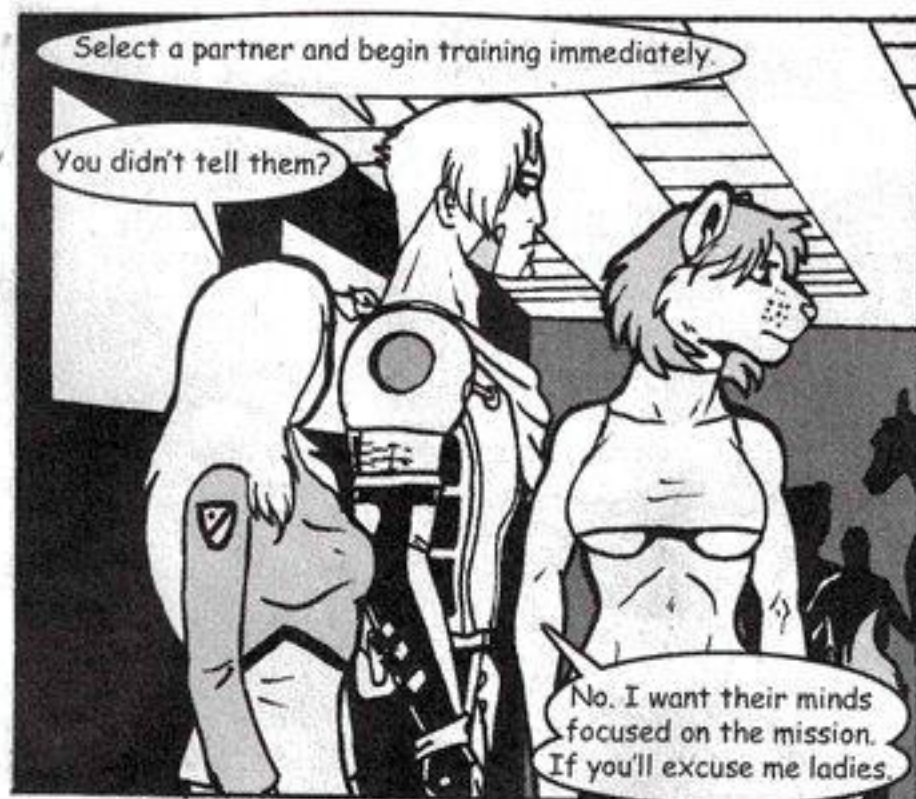

We are to hunt this phoenix down? How? Where do we start?

Simple, we find Adam Prime, simian designate, Warfare. He was one of the first humanimal experiments.

Somehow he broke his programming, but the cybernetic tracking devices in his brain still work. We find him, we find the phoenix.

CeeCee?

CeeCee!

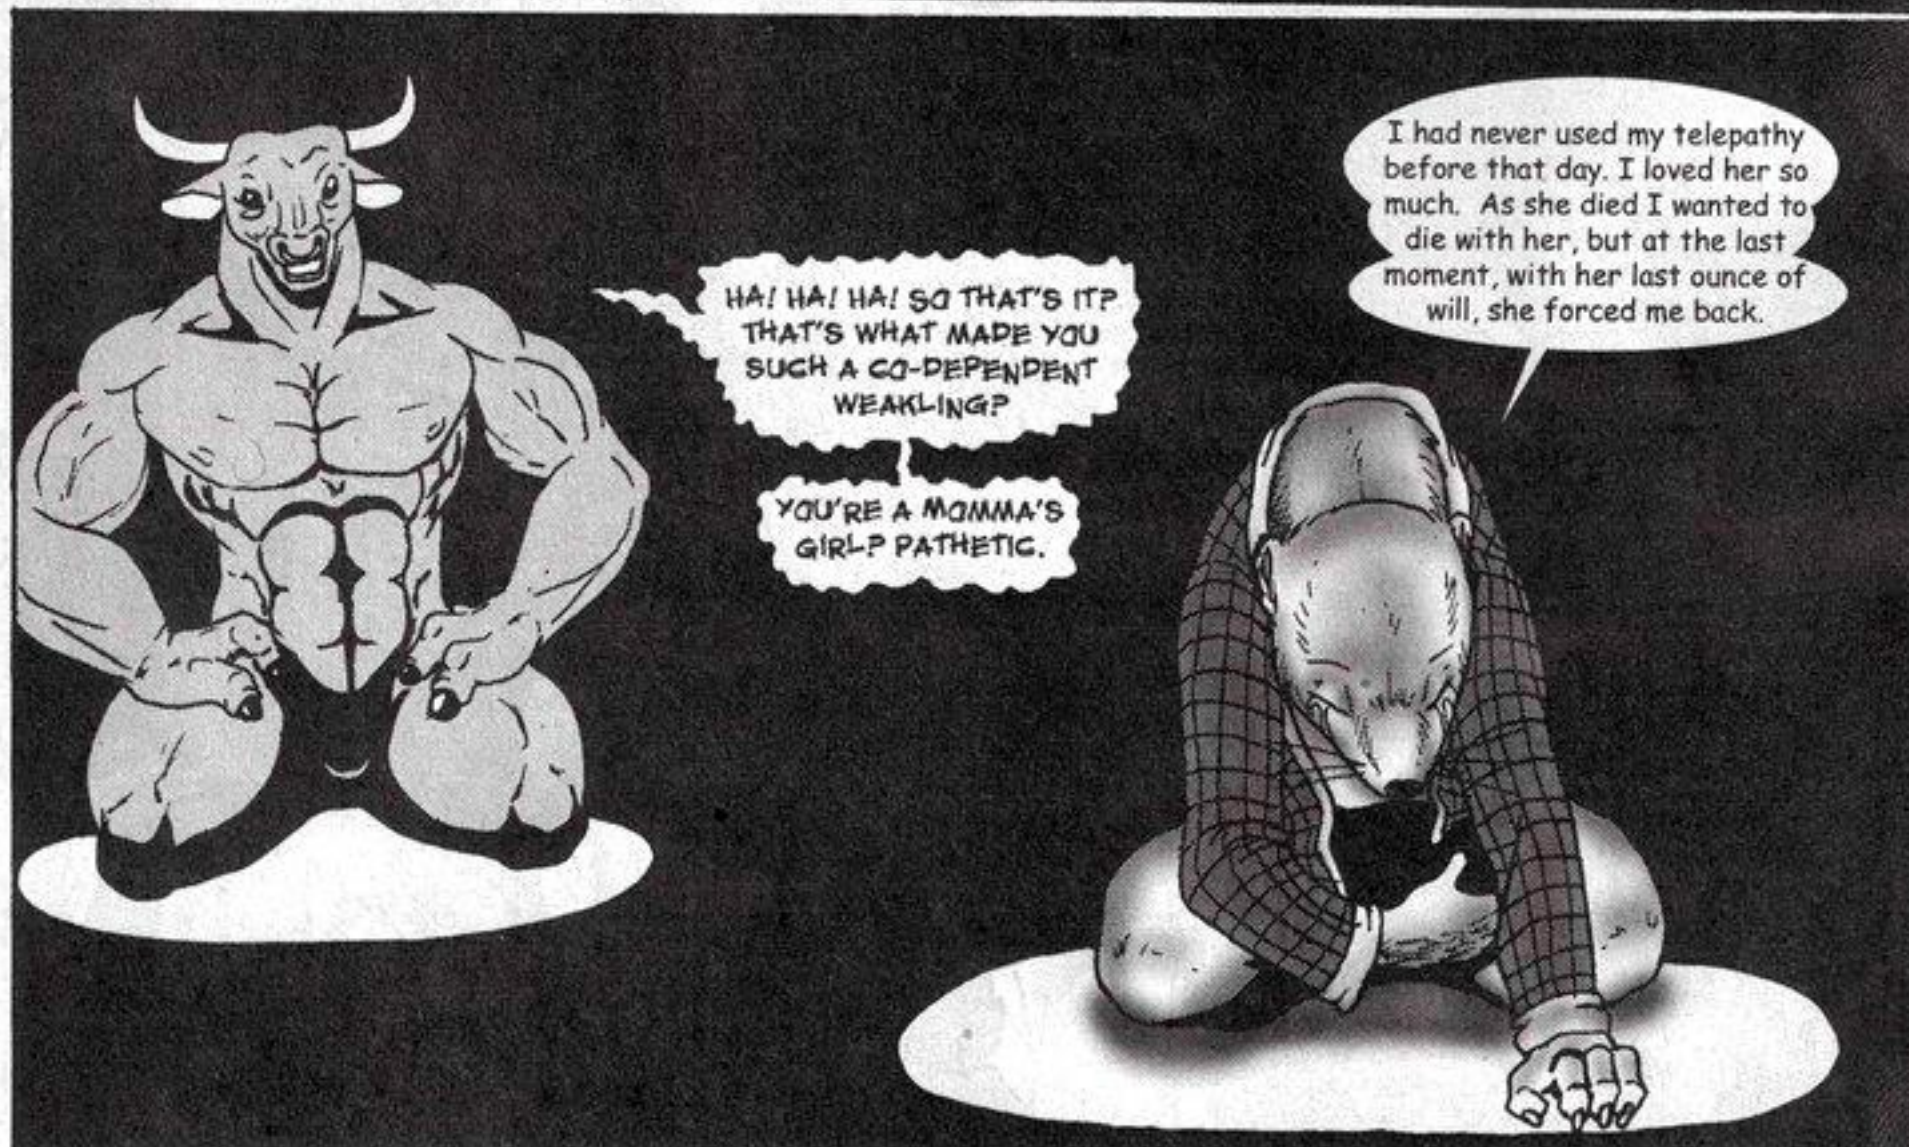

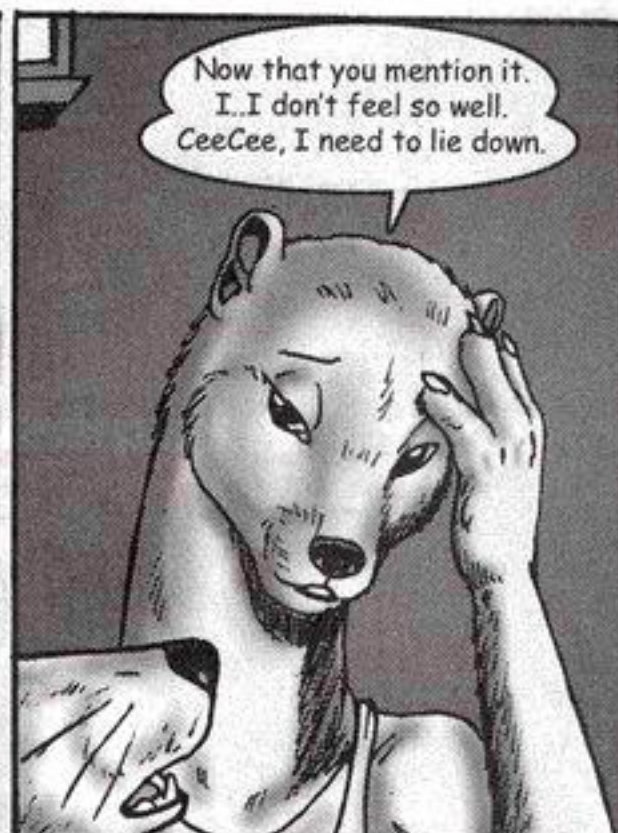

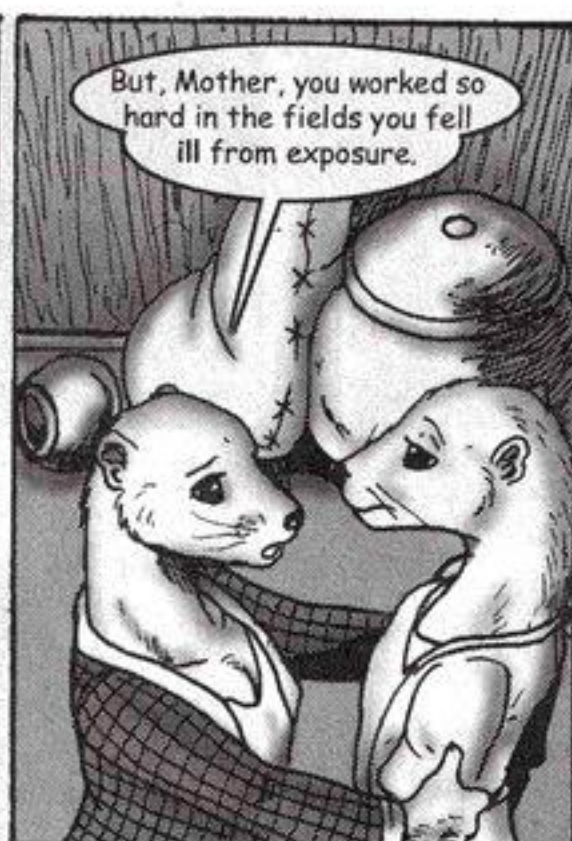

Groan.

CeeCee, girl! Get up!

It's time to wake up  
sleepy head, supper  
is almost done.

Gaspl Mother?

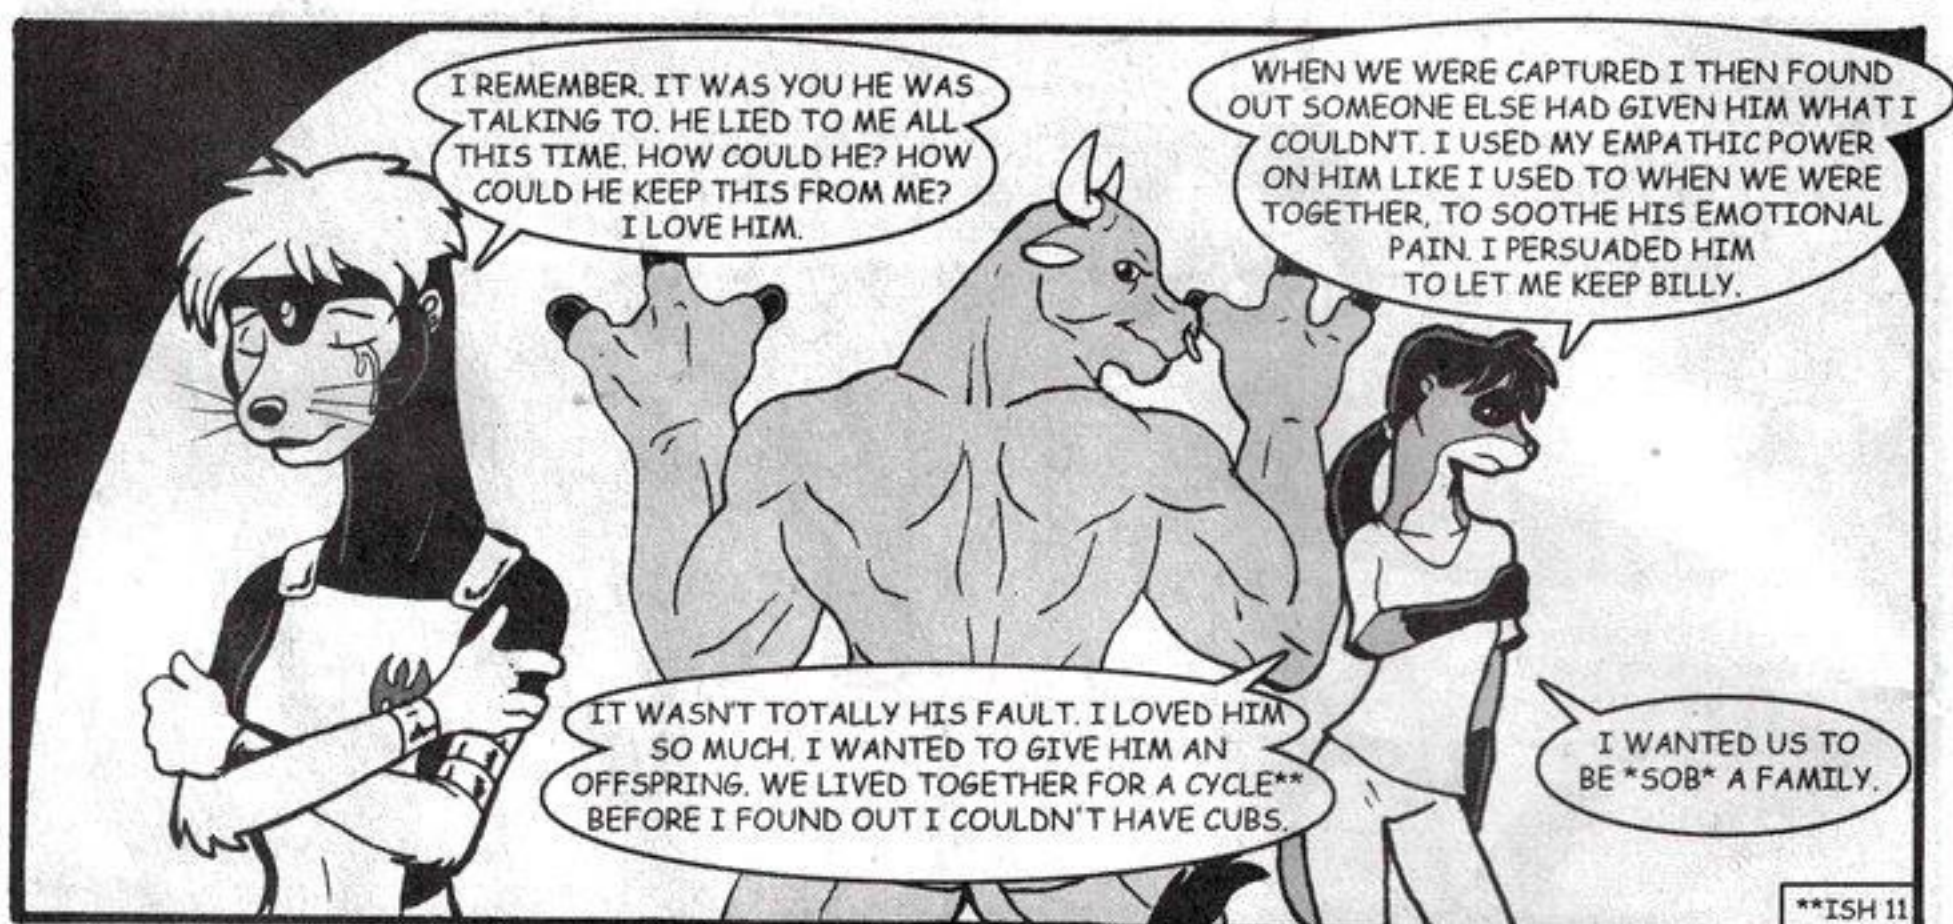

How could you lie to me all this time?  
I loved you! I thought you loved me?

Love?

You don't love me, Mom! Otherwise you  
wouldn't have let him do what he did to us!  
If you loved me, you'd be strong  
and protect me, but you're weak! WEAK!

I'm not your damn Mother and  
you're not a child anymore!  
Wake up and grow up! Stop running  
from your responsibilities!

CeeCee? What's happening?

HE'S RIGHT YOU KNOW. YOU'RE  
VERY MUCH LIKE HIS MOTHER.

Who?

WEAK AND STUPID!

THAT BUBBLE WAS THE  
ONLY THING KEEPING  
ME FROM THE TWERP.

ALL THAT POWER AND STILL  
DUMB AS A BRICK.

WITHOUT A BODY MY OWN,  
MY POWER IS ONLY SO STRONG,  
BUT GETTING YOU MAD ENOUGH  
TO FOCUS YOURS, FOR ONCE, WAS  
ALL I NEEDED TO GET THROUGH HIS  
PSYCHIC SHIELDS.

I'LL KILL HIS MENTAL-SELF  
HERE AND CONTROL HIS BODY  
WITH HIS AND MY OWN POWERS.

AND I COULDN'T  
HAVE DONE IT  
WITHOUT YOU.

You're right.

LOOK GUYS, SHE'S  
FINALLY OPENING  
HER EYES.

GAH?

YOU REALLY HAD ME WORRIED THERE,  
CEE. WHEN CATRINA SUDDENLY  
FAINTED I DIDN'T KNOW WHAT  
TO THINK.

I GOT SOMEONE  
THAT'S BEEN WAITING  
TO SEE YOU.

ASIDE FROM THE HEADACHE,  
I FEEL MUCH BETTER NOW.

OH, MY BEAUTIFUL LITTLE  
BOY. MOMMY'S MISSED  
YOU \*SNIFF\* SO VERY,  
VERY MUCH. SHE'S NEVER  
GOING TO LET  
ANYTHING HAPPEN TO  
YOU EVER AGAIN.

THANK YOU.  
THANK YOU ALL  
SO MUCH.

MEOW

AW, I LOVE HAPPY  
ENDINGS. ISN'T  
HE CUTE ROKKO?

YEAH, MIKI, BUT THAT'S NOT  
WHAT WE CAME HERE FOR.

NEYSA, WE DIDN'T FIND  
WHO WE WERE LOOKING  
FOR. CAN YOU HELP ME  
WITH OUR NEXT JUMP?

YES, TEMPORAL COORDINATES LOCKED, GATE ACTIVATED.

EPILOGUE:

LIGHTS OUT BOYS! TIME  
FOR YOUR BEAUTY SLEEP.

TOMORROW'S YOUR BIG  
DAY, WYLDE. REST WHILE  
YOU CAN, 'CAUSE TONIGHT  
YOU GET TO GO TO SLEEP  
BUT TOMORROW YOU GET  
PUT TO SLEEP.

HAI HAI HAI

IS THAT IDIOT GONE?

YEAH, TOILET BREATH IS GONE.

SO, ABOUT OUR DISCUSSION.  
YOU GET YOUR FREEDOM, A  
CHANCE TO MEET THE MAKERS,  
GET TO KILL AS MANY  
CREATURES AS YOU WANT  
AND ALL YOU HAVE TO DO IS  
FOLLOW A FEW ORDERS.

DO WE HAVE AN  
AGREEMENT?

EXCELLENT! CONSIDER  
YOURSELF PAROLED.

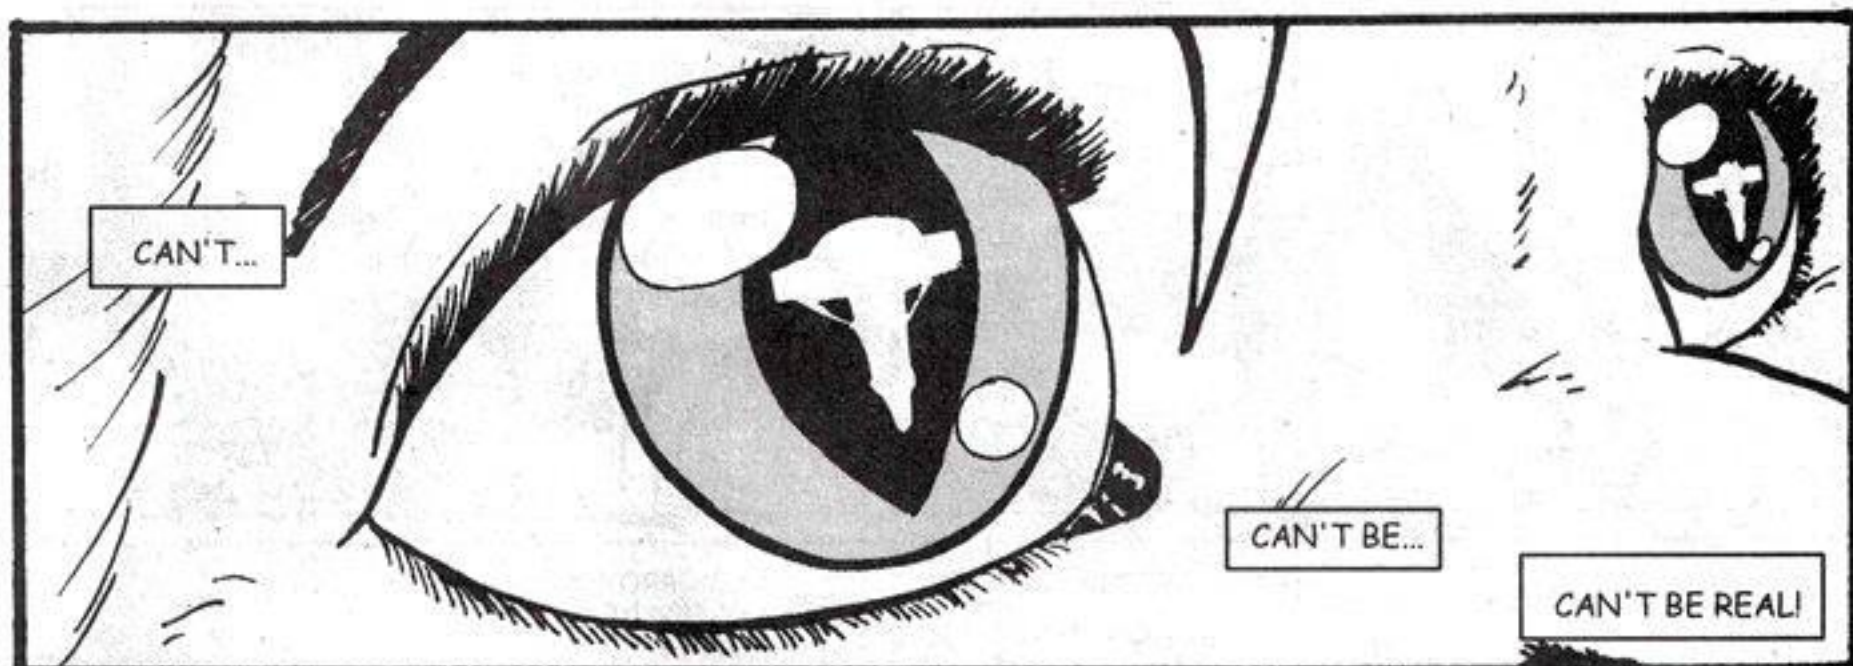

NOW, LYNX, IF YOU'LL JUST STEP  
INTO THE SHADOW WE CAN  
BE ON OUR WAY.

EITHER BE PUT DOWN LIKE A RABID FERAL  
TOMORROW OR BE FREED AND DO WHAT I  
LIKE BEST. IS THERE EVEN A NEED  
TO SAY, "KENAL YEAH?"

HEY, BAJER, MIND IF I SAY  
GOODBYE TO A FEW FRIENDS?

THE END?

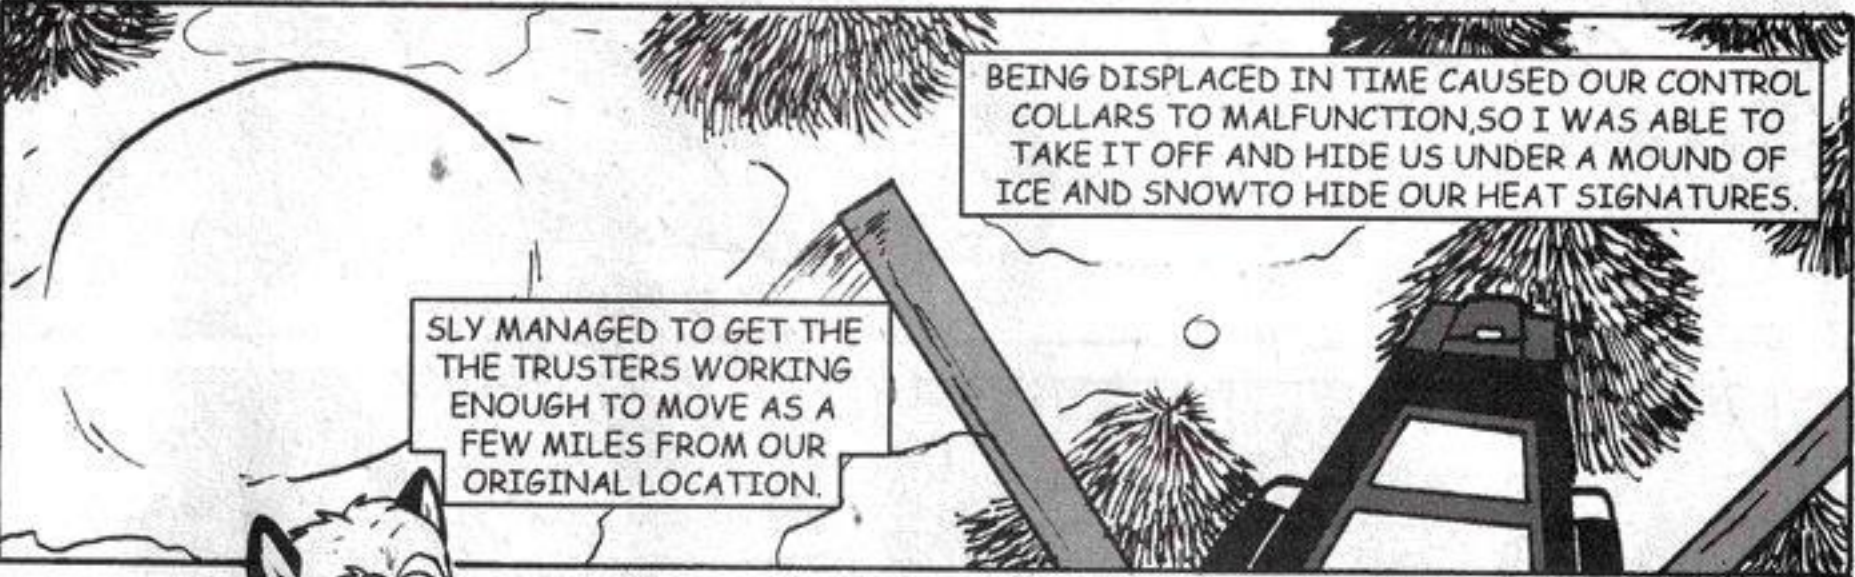

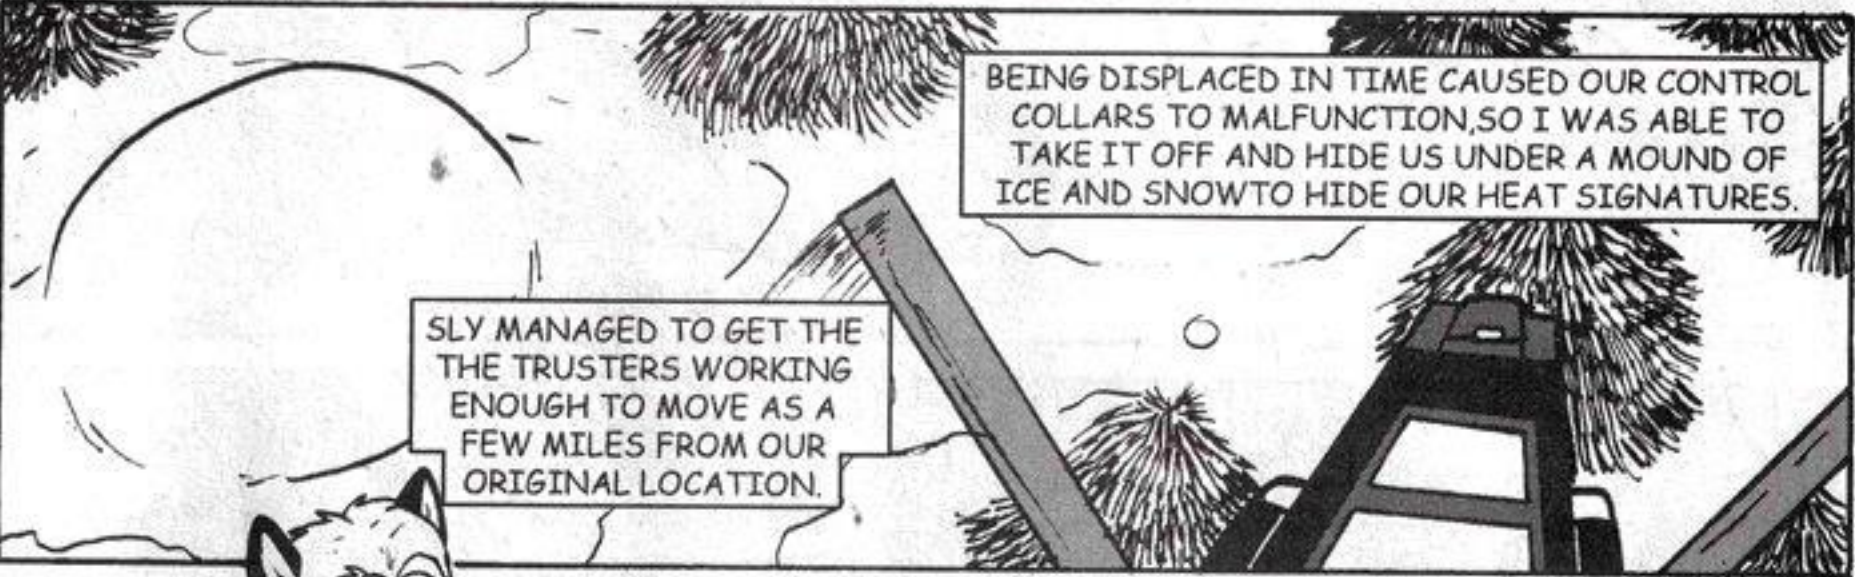

A COUPLE DAYS LATER, WE HAD A TEST OF SORTS. OUR REENTRY HAD ATTRACTED ATTENTION. NOT MUCH, BUT ENOUGH FOR A SEARCH TEAM TO CROSS OVER US.

BEING DISPLACED IN TIME CAUSED OUR CONTROL COLLARS TO MALFUNCTION, SO I WAS ABLE TO TAKE IT OFF AND HIDE US UNDER A MOUND OF ICE AND SNOW TO HIDE OUR HEAT SIGNATURES.

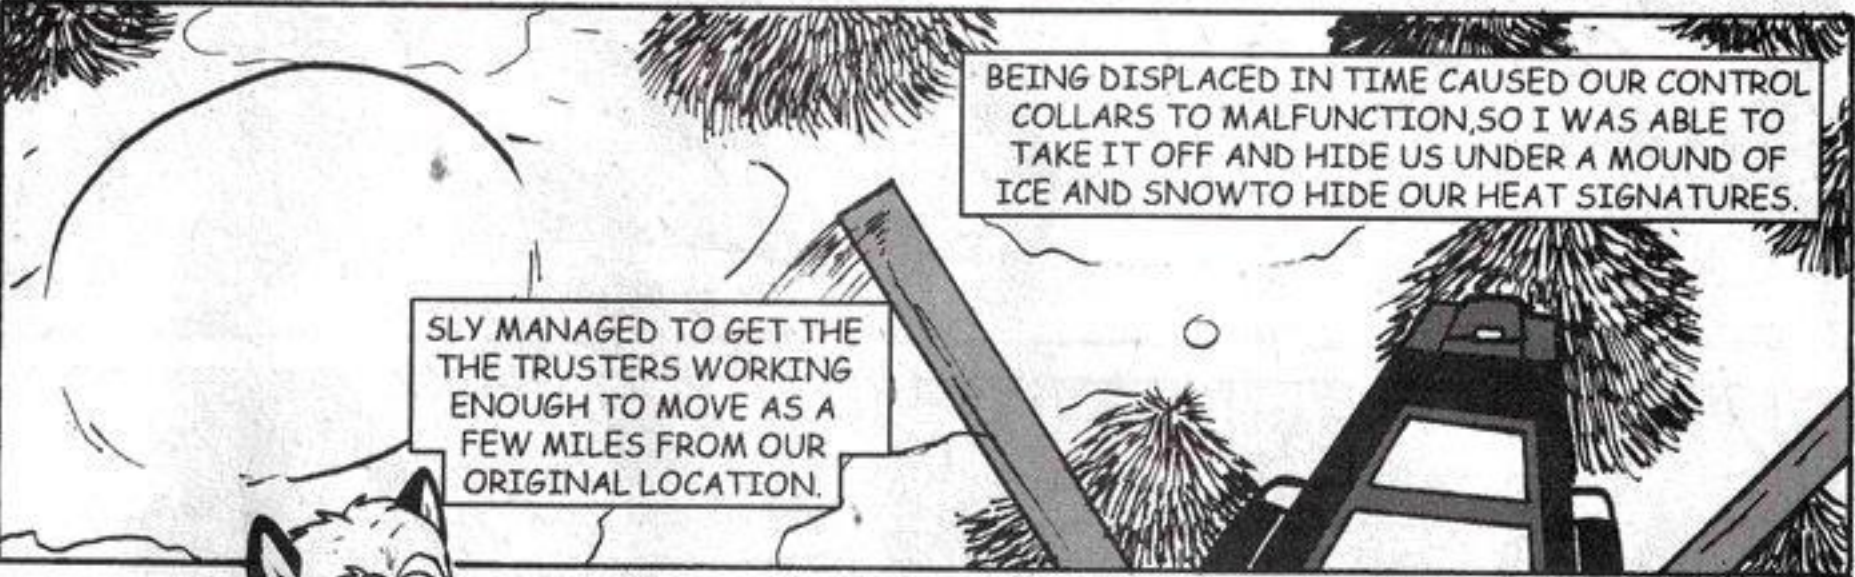

SLY MANAGED TO GET THE TRUSTERS WORKING ENOUGH TO MOVE AS A FEW MILES FROM OUR ORIGINAL LOCATION.

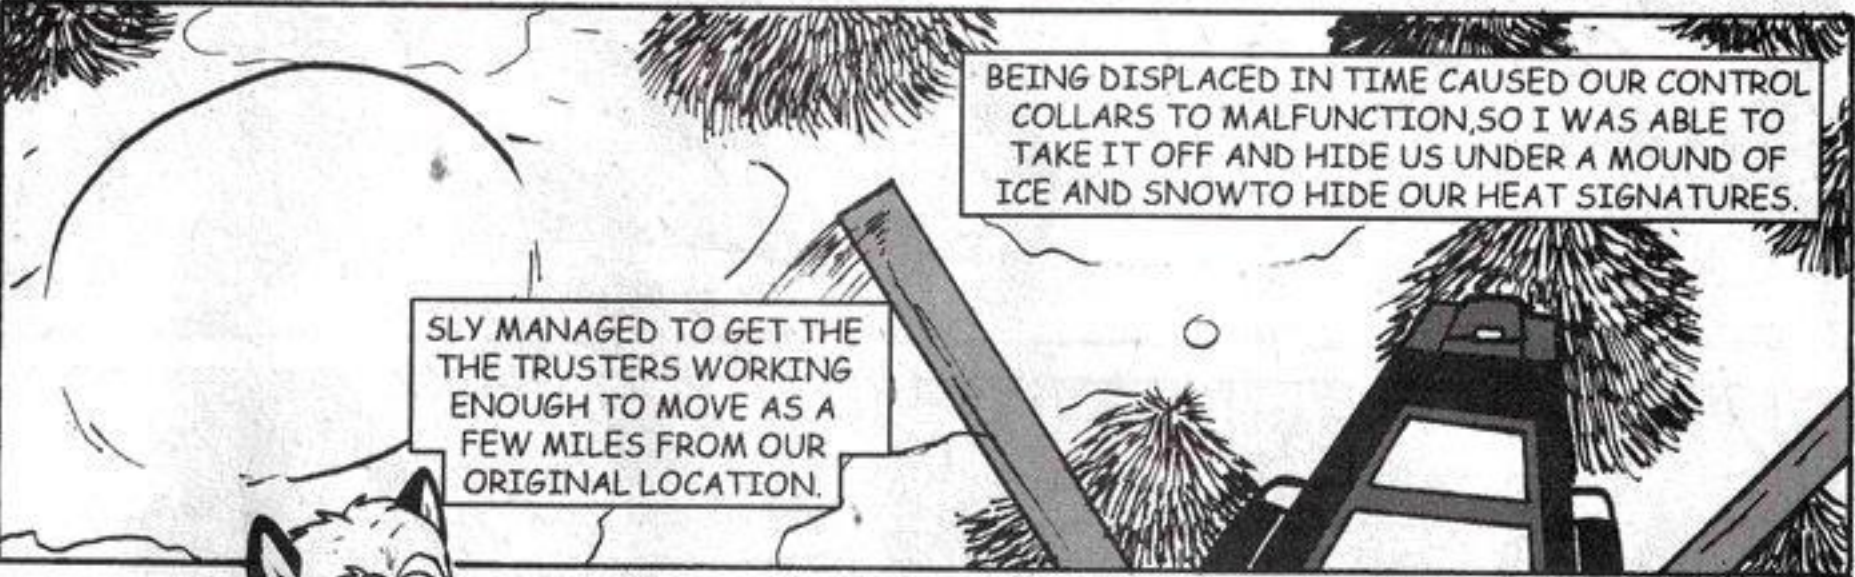

I PUSHED THE ICE AND SNOW AWAY SO WE COULD FINISH REPAIRS ON THE SHIP.

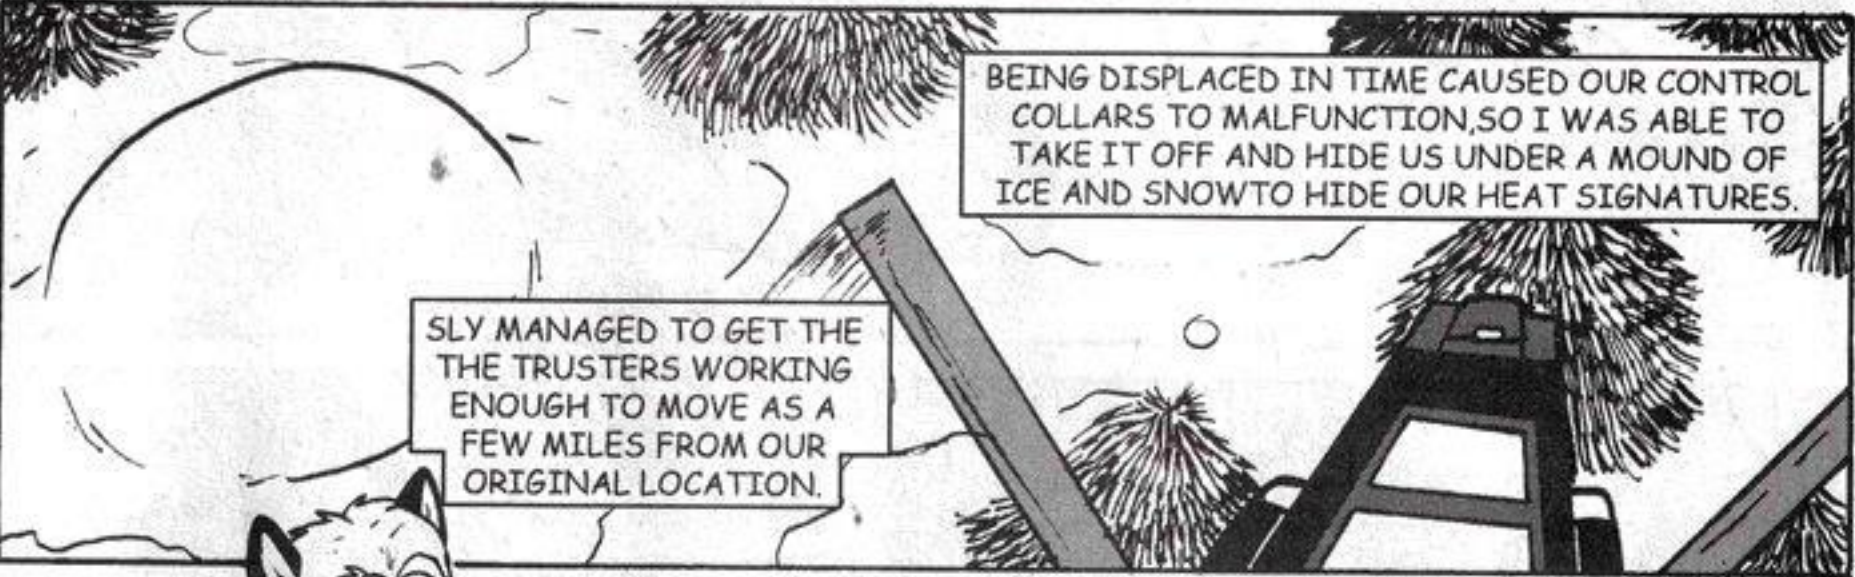

SLY AND ERICA APPLAUDED ME, BUT ONLY ONE THING WAS GOING THROUGH MY MIND.

WHY WASN'T I TIRED? AN EFFORT LIKE THIS A WEEK AGO WOULD HAVE PUT ME ON MY BUTT FOR DAYS AFTERWARDS.

HAS SOMETHING HAPPENED TO ME? SOMETHING LIKE WHAT HAPPENED TO RED?

I'LL HAVE TO WATCH THIS.
